Frequently asked questions...

What is a workshop?

A workshop is a social event where I teach you and a few friends the correct steps of skincare and make-up. I recommend adding skincare since without proper skincare your make-up will never reach its full potential. The workshops are designed for every, and anybody who wants to learn about correct skincare and makeup application to enhance their best features.

What do we do at a Workshop?

We discuss skin types and how to effectively treat skin concerns to get the most out of your skincare routine. #skincarefirst
We get #selfie ready with timeless & current make-up techniques with focus areas customised to your areas of interest.
I'll show you how to apply products correctly and make recommendations personalised to you.

What do I bring with?

A clean face, your own make-up products & brushes.

I'll show you how to use the products you already have more effectively.

I'll also determine where and how you can change up your current range of skincare, make-up and brushes to work better for you.
If you don't have something during the session don't worry, you'll have access to my pro kit and brushes.

Where will the Workshop be?

At my home studio in Menlo park or a mutually agreed location / venue.
Travel fee applies.
